

MINI HEATER

CIPU MINI heater, the heat pump for basin and small above ground pools. Designed on the basis of high range heat pump, CIPU MINI has everything a great and offers a high COP. Ultra compact and light weight make it very easy to move. CIPU Mini offers several colors to fit best in your environment.

Quick Heating

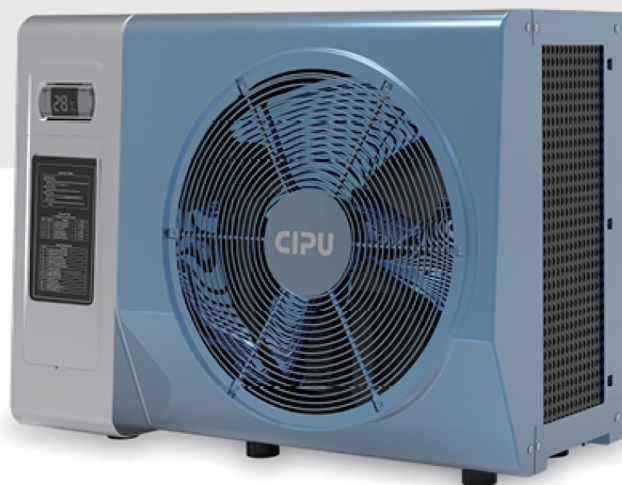

Quieter Operation

Top Brand Compressor

High Efficiency Titanium Coil

MAIN COMPONENTS

- Twisted tech titanium heat exchanger
- GMCC ultra high-performance compressor
- Body in ABS anti-UV 3 colours
- Compatible salt treatment
- Ecological refrigerant R410A

FEATURED HIGHLIGHTS

- Energy saving stable and silent operation
- ON/OFF programmable time
- High-efficiency evaporator and titanium heat exchange
- Easier operation and maintenance

Condition: 80°F Air 80% RH 80°F Water

MODEL	SHAS09H	SHAS18H	SHAS24H
INPUT/(KW)	0.45	0.8	1.25
OUTPUT/(BTU)	9000	16000	24000
COP	5.5	5.5	5.5

Condition: 50°F Air 80% RH 63°F Water

MODEL	SHAS09H	SHAS18H	SHAS24H
INPUT/(KW)	0.45	0.8	1.25
OUTPUT/(BTU)	4400	8400	11800
COP	2.8	2.8	2.8
